Golden Stories of Sayyida Khadijah (R.A) Abdul
Malik Mujahid 2012 Golden Stories of Sayyida
Khadijah (RA) highlights the character, life, and

contributions of Sayyida Khadija. Being the first wife of Prophet Muhammad (P.B.U.H), she has a great status and importance in Islamic history and literature. Known for her sacrifices, love, devotion, and commitment to the cause of Allah, she is declared as a shining example to follow. Her character earned her great respect even in the pre-Islamic era and was known as “Tahirah” that means “pure and righteous”. This book by Abdul Malik Mujahid is a lovely collection of authentic events that highlights her intelligence, commitment to religion, sincere belief in God and determination under the most difficult

circumstances. The book’s tone is very delicate that literally takes the reader back in time to the very beginning of Islam, providing deep insights into her life and early Islamic era. If you want to gift your girls and daughters something, nothing could be better than this as it will help them learn how to be a faithful Muslim lady, a dedicated wife, and an ideal mother. However, this does not mean this is ‘female only’ book; instead, male can also learn lots of lessons from her life.

A History of Islam in 21 Women Hossein Kamaly

2019-09-26 Khadija was the first believer, to whom the Prophet Muhammad often turned for advice. At a time when strongmen quickly seized power from any female Muslim ruler, Arwa of Yemen reigned alone for five decades. In nineteenth-century Russia, Mukhlisa Bubi championed the rights of women and girls, and became the first Muslim woman judge in modern history. After the Gestapo took down a Resistance network in Paris, British spy Noor Inayat Khan found herself the only undercover

radio operator left in that city. In this unique history, Hossein Kamaly celebrates the lives and achievements of twenty-one extraordinary women in the story of Islam, from the formative days of the religion to the present.

Aisha Resit Haylamaz 2013-03-01 This book portrays one of the most significant personalities in the history of Islam. Taking the misunderstandings and defamation about her into consideration, Aisha needs to be understood correctly. This study by Dr Resit Haylamaz, an expert on the life of the Prophet and his leading Companions, reflects her life in various aspects

based on reliable reports. The book clarifies her critical role at establishing the Islamic teaching, with particular reference to her role in the transmission of private matters concerning women and marital relations, as well as recording the authentic sayings of the Prophet. As her sensitivity at practicing religion is related in a rich variety of examples, much disputed issues like her marriage age and her stance about Ali ibn Abi Talib are covered as separate topics.

Marriage holds a position of perpetual significance because of the central role it plays in human life. It is not surprising, therefore, that the scholars of Islam have discussed it extensively through the ages. Under the contemporary influence of non-Islamic cultures, however, misconceptions have crept into various areas of Islam - spilling into marriage, divorce, and other family-related matters. Viewing the needs of the Muslims who live in non-Islamic environments, and realizing that most Islamic writings on

marriage are restricted in scope, we find quite a large gap that needs to be filled for the benefit of the English-speaking Muslims - which is what we attempt to accomplish over the span of this 4-book set that covers various aspects of marriage according to the authentic Sunnah. This book covers the obligations of the two spouses, the wife's rights, and the husband's rights. It contains biographies of the Mothers of the Believers, paints very realistic pictures from the life of the Prophet Mohammed with his wives and the interpretation of the hadith of Umm Zar.

Commanders Of Muslim Army Mahmood Ahmad

Ghadanfar 2001-01 There was a time when

Muslim warriors were the symbol of terror for the

enemies of Islam and humanity; though they were

also considered as the protectors of righteous,

surrenders and aged. Even the women and

children of enemies use to feel safe under their canons. This is why Islam spread rapidly on the earth because these leaders were trained by the Prophet Muhammad (Peace and Blessings of Allah be upon him). This book will tell you about the life stories, moderation, significance, valour, eloquence, faith, steadfastness, sense of justice and winning strategies of more than twenty five (25) brave commanders of Muslims. Who fought for Islam with less soldiers and arms but their strategies made them able to raise their flags against their huge enemies even ten (10) times greater in number than them. These commanders

includes: 1) Khalid Bin Waleed 2) Abdur Rahman Bin Auf 3) Zaid Bin Harithah 4) Asim Bin Thaabit 5) Sa'd Bin Abi Waqas and many other...

Mahmood Ahmad Ghadanfar the writer of the book has quoted the incidents, Ahadiths and strategies in a thrilling way that motivates the Muslims. As one of them is here for your reference: Once during the training when the Prophet (Peace and Blessings of Allah be upon him) asked about the strategy to adopt in the battle, one of his Companion, 'Asim bin Thabit (May Allah be pleased with him) had stood up with his bow in his hand and replied: "When the

enemy is a hundred yards away, we will use our bows and arrows; when the enemy comes closer, we will fight with our spears; when the spears break, we will have a hand to hand combat with our swords." When the Prophet (Peace and Blessings of Allah be upon him) heard this, he said: "Doubtless this was the way to fight a battle. Whoever wishes to take part in a battle should adopt the strategy of 'Asim bin Thabat."

The Ideal Muslimah Ibn Kathir 2018-02-15 The
Ideal Muslimah This an incredibly sane book,
which can help a woman (who is truly female),
keep her head on straight and not get lost in a
very dangerous game where she only stands to
lose. Satan will try to convince women that they
have the right to challenge the boundaries of their
existence. This book more than anything can help

a woman became a decent, loving, compassionate and honest person, which is a huge challenge for most people. This is an excellent book to not only have as a reference book, but to read many times. The book covers everything from the relationship to Allah (God), hospitality to Marriage and family.

The Pillars of Islam and Iman Muhammad Bin Jamil Zino 1996 What every Muslim must know

about his religion. The author has discussed thoroughly the five pillars of Islam (Aqidah, Salat, Saum, Zakat and Hajj) according to the Qur'an and Sunnah. He also covers the other important topics like Taharah, the life of the Prophet, Hadith studies, etc., with references to Quranic text and Sunnah of the Prophet. The Ideal Muslim Muhammad Al-Hashimi

2018-05-10 The true Islamic personality as defined by the Qur'an and Sunnah presents a comprehensive overview of the way in which the Prophet (peace and blessings of Allah be upon

him) and his Companions lived. This picture of the practical aspects of a truly Islamic lifestyle serves as a timely reminder for all of us. At a time when unIslamic and anti-Islamic influences are spreading, via modern technology, to the heartlands of Islam and even to the remotest regions, a Muslim needs to hold firm to the distinct character of our faith, as prescribed by Allah and revealed through His Prophet (peace and blessings of Allah be upon him). Dr. Muhammad 'Ali al-Hashimi presents a well-thought out guide to the Islamic lifestyle. He starts with the Muslim's relationship with his Lord, which is

the most important aspect of his life, and provides the foundation for all his other relationships. From there, he outlines how the Muslim should relate to every person in his life, starting with himself and his family, and moving on, by stages, to encompass every member of the community or society. Each point is supported by extensive quotations from the Qur'an and the Sunnah of Prophet Muhammad (peace and blessings of Allah be upon him).

History of Makkah 2002 Mentions the different aspects of Makkah, and records the important historical events that have direct effect on the

establishment and sacredness of Makkah as well as its religious weight. This book highlights the sites that are important whenever Makkah is mentioned like the Black Stone and Zamzarn Well.

Heaven Under Your Feet Umm Hasan bint Salim 2009 Whilst there is lots of advice-packed literature out there for the expectant mother, this book broaches the subject from the perspective of a Muslimah, addressing the thoughts and concerns of someone looking for an Islamic viewpoint on what is a unique and special moment in her life.
