Hoard's Dairyman 1900

Hiroshima John Hersey 2020-06-23 "A new edition with a final chapter written forty years after the explosion."

The Challenge of Crime in a Free Society United States. President's Commission on Law Enforcement and Administration of Justice 1967 This report of the President's Commission on Law Enforcement and Administration of Justice -- established by President Lyndon Johnson on July 23, 1965 -- addresses the causes of crime and delinquency and recommends how to prevent crime and delinquency and improve law enforcement and the administration of criminal justice. In developing its findings and recommendations, the Commission held three national conferences, conducted five national surveys, held hundreds of meetings, and interviewed tens of thousands of individuals. Separate chapters of this report discuss crime in America, juvenile delinquency, the police, the courts, corrections, organized crime, narcotics and drug abuse, drunkenness offenses, gun control, science and technology, and research as an instrument for reform. Significant data were generated by the Commission's National Survey of Criminal Victims, the first of its kind conducted on such a scope. The survey found that not only do Americans experience far more crime than they report to the police, but they talk about crime and the reports of crime engender such fear among citizens that the basic quality of life of many Americans has eroded. The core conclusion of the Commission, however, is that a significant reduction in crime can be achieved if the Commission's recommendations (some 200) are implemented. The recommendations call for a cooperative attack on crime by the Federal Government, the States, the counties, the cities, civic organizations, religious institutions, business groups, and individual citizens. They propose basic changes in the operations of police, schools, prosecutors, employment agencies, defenders, social workers, prisons, housing authorities, and probation and parole officers.

Your Body: The Missing Manual Matthew MacDonald 2009-07-21 What, exactly, do you know about your body?

Do you know how your immune system works? Or what your pancreas does? Or the myriad -- and often simple -

- ways you can improve the way your body functions? This full-color, visually rich guide answers these questions and more. Matthew MacDonald, noted author of *Your Brain: The Missing Manual*, takes you on a fascinating tour of your body from the outside in, beginning with your skin and progressing to your vital organs. You'll look at the quirks, curiosities, and shortcomings we've all learned to live with, and pick up just enough biology to understand how your body works. You'll learn: That you shed skin more frequently than snakes do Why the number of fat cells you have rarely changes, no matter how much you diet or exercise -- they simply get bigger or smaller How you can measure and control fat That your hair is made from the same stuff as horses' hooves That you use only a small amount of the oxygen you inhale Why blood pressure is a more important health measure than heart rate -- with four ways to lower dangerously high blood pressure Why our bodies crave foods that make us fat How to use heart rate to shape an optimal workout session -- one that's neither too easy nor too strenuous Why a tongue with just half a dozen taste buds can identify thousands of flavors Why bacteria in your gut outnumber cells in your body -- and what function they serve Why we age, and why we can't turn back the clock What happens to your body in the minutes after you die Rather than dumbed-down self-help or dense medical text, *Your Body: The Missing Manual* is entertaining and packed with information you can use. It's a book that may well change your life. Reader comments for *Your Brain: The Missing Manual*, also by author Matthew MacDonald: "Popular books on the brain are often minefields of attractive but inaccurate information. This one manages to avoid most of the hype and easy faulty generalizations while providing easy to read and digest information about the brain. It has useful tricks without the breathless hype of many popular books."-- Elizabeth Zwicky, *The Usenix Magazine* "...a unique guide that should be sought after by any who want to maximize what they can accomplish with their mental abilities and resources."-- James A. Cox, *The Midwest Book Review - Wisconsin Bookwatch* "If you can't figure out how to use your brain after reading this guide, you may want to return your brain for another."-- *The Sacramento Book Review*, Volume 1, Issue 2, Page 19 "It's rare to find a book on any technical subject that is as well written and readable as *Your Brain: The Missing Manual*. The book covers pretty much anything you may want to know about your brain, from what makes it up, through how it develops to how to mitigate the affects of aging. The book is easy reading, fact packed and highlighted notes and practical applications. So if you want to learn more about your brain, how it works, how to get the best out of it or just want to stave off the ravages of Alzheimers (see chapter ten for details of how learning helps maintain your brain) then I can't recommend this book highly enough."-- Neil Davis, *Amazon.co.uk* "MacDonald's writing style is perfect for this kind of guide. It remains educational without becoming overly technical or using unexplained jargon. And even though the book covers a broad scope of topics, MacDonald keeps it well organized and easy to follow. The book captures your attention with fun facts and interesting studies that any person could apply to their own understanding of human ability. It has

great descriptions of the brain and its interconnected parts, as well as providing full color pictures and diagrams to offer a better explanation of what the author is talking about."-- Janica Unruh, Blogcritics Magazine

American Slavery as it is American Anti-Slavery Society 1839

Edible Insects Arnold van Huis 2013 Edible insects have always been a part of human diets, but in some societies there remains a degree of disdain and disgust for their consumption. Insects offer a significant opportunity to merge traditional knowledge and modern science to improve human food security worldwide. This publication describes the contribution of insects to food security and examines future prospects for raising insects at a commercial scale to improve food and feed production, diversify diets, and support livelihoods in both developing and developed countries. Edible insects are a promising alternative to the conventional production of meat, either for direct human consumption or for indirect use as feedstock. This publication will boost awareness of the many valuable roles that insects play in sustaining nature and human life, and it will stimulate debate on the expansion of the use of insects as food and feed.

Democratizing Innovation Eric Von Hippel 2006-02-17 The process of user-centered innovation: how it can benefit both users and manufacturers and how its emergence will bring changes in business models and in public policy. Innovation is rapidly becoming democratized. Users, aided by improvements in computer and communications technology, increasingly can develop their own new products and services. These innovating users—both individuals and firms—often freely share their innovations with others, creating user-innovation communities and a rich intellectual commons. In *Democratizing Innovation*, Eric von Hippel looks closely at this emerging system of user-centered innovation. He explains why and when users find it profitable to develop new products and services for themselves, and why it often pays users to reveal their innovations freely for the use of all. The trend toward democratized innovation can be seen in software and information products—most notably in the free and open-source software movement—but also in physical products. Von Hippel's many examples of user innovation in action range from surgical equipment to surfboards to software security features. He shows that product and service development is concentrated among "lead users," who are ahead on marketplace trends and whose innovations are often commercially attractive. Von Hippel argues that manufacturers should redesign their innovation processes and that they should systematically seek out innovations developed by users. He points to businesses—the custom semiconductor industry is one example—that have learned to assist user-innovators by providing them with toolkits for developing new products. User innovation has a positive impact on social welfare, and von Hippel proposes that government policies, including R&D subsidies and tax credits, should be realigned to eliminate biases against it. The goal of a democratized user-centered innovation system, says von Hippel, is well worth striving for. An electronic version of this book is available under a Creative Commons license.

Report of the Presidential Commission on the Space Shuttle Challenger Accident DIANE Publishing Company 1995-07 Reviews the circumstances surrounding the Challenger accident to establish the probable cause or causes of the accident. Develops recommendations for corrective or other action based upon the Commission's findings and determinations. Color photos, charts and tables.

Heir of Fire Sarah J. Maas 2014-09-02 Celaena has survived deadly contests and shattering heartbreak—but at an unspeakable cost. Now, she must travel to a new land to confront her darkest truth . . . a truth about her heritage that could change her life—and her future—forever. Meanwhile, brutal and monstrous forces are gathering on the horizon, intent on enslaving her world. Will Celaena find the strength to not only fight her inner demons, but to take on the evil that is about to be unleashed? The bestselling series that has captured readers all over the world reaches new heights in this sequel to the New York Times best-selling *Crown of Midnight*. Packed with heart-pounding action, fierce new characters, and swoon-worthy romance, this third book will enthrall readers from start to finish.

Blood and Earth Kevin Bales 2016-01-19 For readers of such crusading works of nonfiction as Katherine Boo's *Beyond the Beautiful Forevers* and Tracy Kidder's *Mountains Beyond Mountains* comes a powerful and captivating examination of two entwined global crises: environmental destruction and human trafficking—and an inspiring, bold plan for how we can solve them. A leading expert on modern-day slavery, Kevin Bales has traveled to some of the world's most dangerous places documenting and battling human trafficking. In the course of his reporting, Bales began to notice a pattern emerging: Where slavery existed, so did massive, unchecked environmental destruction. But why? Bales set off to find the answer in a fascinating and moving journey that took him into the lives of modern-day slaves and along a supply chain that leads directly to the cellphones in our pockets. What he discovered is that even as it destroys individuals, families, and communities, new forms of slavery that proliferate in the world's lawless zones also pose a grave threat to the environment. Simply put, modern-day slavery is destroying the planet. The product of seven years of travel and research, *Blood and Earth* brings us dramatic stories from the world's most beautiful and tragic places, the environmental and human-rights hotspots where this crisis is concentrated. But it also tells the stories of some of the most common products we all consume—from computers to shrimp to jewelry—whose origins are found in these same places. *Blood and Earth* calls on us to recognize the grievous harm we have done to one another, put an end to it, and recommit to repairing the world. This is a clear-eyed and inspiring book that suggests how we can begin the work of healing humanity and the planet we share. Praise for *Blood and Earth* "A heart-wrenching narrative . . . Weaving together interviews, history, and statistics, the author shines a light on how the poverty, chaos, wars, and government corruption create the perfect storm where slavery flourishes and environmental destruction follows. . . A clear-eyed account of man's inhumanity to man and Earth. Read it to get informed, and then take action."—Kirkus Reviews (starred review) "[An] exposé of the global economy's 'deadly dance' between slavery and environmental disaster . . . Based on extensive travels through eastern Congo's mineral mines, Bangladeshi fisheries, Ghanaian gold mines, and Brazilian forests, Bales reveals the appalling truth in graphic detail. . . Readers will be deeply disturbed to learn how the links connecting slavery, environmental issues, and modern convenience are forged."—Publishers Weekly "This well-researched and vivid book studies the connection

between slavery and environmental destruction, and what it will take to end both.”—Shelf Awareness (starred review) “This is a remarkable book, demonstrating once more the deep links between the ongoing degradation of the planet and the ongoing degradation of its most vulnerable people. It’s a bracing reminder that a mentality that allows throwaway people also allows a throwaway earth.”—Bill McKibben, author of *Eaarth: Making a Life on a Tough New Planet*

The Boy Who Harnessed the Wind William Kamkwamba 2015-02-05 Now a Netflix film starring and directed by Chiwetel Ejiofor, this is a gripping memoir of survival and perseverance about the heroic young inventor who brought electricity to his Malawian village. When a terrible drought struck William Kamkwamba's tiny village in Malawi, his family lost all of the season's crops, leaving them with nothing to eat and nothing to sell. William began to explore science books in his village library, looking for a solution. There, he came up with the idea that would change his family's life forever: he could build a windmill. Made out of scrap metal and old bicycle parts, William's windmill brought electricity to his home and helped his family pump the water they needed to farm the land. Retold for a younger audience, this exciting memoir shows how, even in a desperate situation, one boy's brilliant idea can light up the world. Complete with photographs, illustrations, and an epilogue that will bring readers up to date on William's story, this is the perfect edition to read and share with the whole family.

Charlotte's Web E. B. White 2015-03-17 Don't miss one of America's top 100 most-loved novels, selected by PBS's The Great American Read. This beloved book by E. B. White, author of *Stuart Little* and *The Trumpet of the Swan*, is a classic of children's literature that is "just about perfect." Illustrations in this ebook appear in vibrant full color on a full-color device and in rich black-and-white on all other devices. Some Pig. Humble. Radiant. These are the words in *Charlotte's Web*, high up in Zuckerman's barn. Charlotte's spiderweb tells of her feelings for a little pig named Wilbur, who simply wants a friend. They also express the love of a girl named Fern, who saved Wilbur's life when he was born the runt of his litter. E. B. White's Newbery Honor Book is a tender novel of friendship, love, life, and death that will continue to be enjoyed by generations to come. It contains illustrations by Garth Williams, the acclaimed illustrator of E. B. White's *Stuart Little* and Laura Ingalls Wilder's *Little House* series, among many other books. Whether enjoyed in the classroom or for homeschooling or independent reading, *Charlotte's Web* is a proven favorite.

Speak From The Heart L B Dunbar 2020-07-29 When a small town, single father becomes enemies with the new girl in town, it's either keep fighting her or give in to what his heart wants most. Emily Post isn't staying. Back at her grandmother's summer home, she's only in Elk Lake City for a visit which can't end soon enough. Especially when she can't seem to get away from one grumpy repairman who shows up everywhere. Fortunately for him, his daughter is sweet even if she refuses to speak. Jess Carter is a hometown favorite and a hot single father. Sworn off love for several reasons, foremost is the silence of his daughter. His little one has a secret and he doesn't know the why behind it. Unfortunately for him, his six-year-old has taken a liking to the beautiful new woman in town visiting her nana. And everywhere he goes, there she is, invading his space and his heart. While silence might be golden, the voice in lonely hearts refuses to remain quiet. Author note: One feisty woman visiting this single father's small town leads to fairy tales, backyard folly, and firework-worthy sexy time.** Previously published as *Sound Advice* - now with new content

Running From My Heart Felice Stevens 2020-01-04 People say six years is long enough to mourn the death of his husband but for Ross Miller, the pain is as fresh as if it happened yesterday. He's left his glittering Hollywood life behind, yet guilt still dogs his steps, no matter how far he runs. Trapped by his past and needing to escape his well-meaning friends, he rents a cabin in the secluded Adirondack mountains. A reclusive man moves in next door and piques Ross's interest, but his persistent attempts at friendship are rebuffed. That doesn't stop him because the one rule Ross Miller has always lived by is to never take no for an answer. Novelist Arden Wainwright has

given up. He can't pretend a happiness he knows he'll never find again. Solitary days turn into years, and he remains frozen, unable to take a breath. At his wit's end, he retreats to the mountains, but it does little to stir his creativity. He continues to hide from life and avoids his overly nosy neighbor, who insists on planting himself at Arden's doorstep at every turn. Making friends is the last thing Arden wants, but annoying or not, he can't get the damn man out of his mind. Finding peace in their isolated surroundings, the two lonely men forge an unlikely friendship where they realize they're more alike than different and better together than apart. With Ross's help, Arden begins to rebuild the shattered pieces of his life, while Arden gives Ross the strength to face his fears and find his way home. When love comes calling you can choose to hide from hurt, loss, and pain, but if you take a chance and open the door, you might discover that running from your heart is the last thing you'll want to do. This book can be read as a stand alone but you may remember Ross, Foster's best friend from *Broken Silence*, Book One of the *Rock Bottom* series.

The Poisonwood Bible Barbara Kingsolver 2008-09-04 'Breathtaking.' Sunday Times 'Exquisite.' The Times 'Beautiful.' Independent 'Powerful.' New York Times An international bestseller and a modern classic, this suspenseful epic of one family's tragic undoing and their remarkable reconstruction has been read, adored and shared by millions around the world. This story is told by the wife and four daughters of Nathan Price, a fierce, evangelical Baptist who takes his family and mission to the Belgian Congo in 1959. They carry with them everything they believe they will need from home, but soon find that all of it - from garden seeds to Scripture - is calamitously transformed on African soil. What readers are saying 'This remains one of the most fascinating books I have ever read.' 'I felt every emotion under the sky with this book.' 'Riveting.' 'This novel left a lasting - YEARS LASTING - impression.' 'This is one of those books that stands the test of time and is worth rereading.' 'Five epic, no-wonder-this-book-is-so-well-loved stars!'

We, the Wildflowers L. B. Simmons 2020 Four unruly teens living together in a home for troubled youth find connection and strength, like that of wildflowers, as they face their harrowing pasts and new tragedies.

Out of Focus L. B. Simmons 2018-03-20 For years, Cassie Cooper has convincingly played a confident young woman who couldn't care less about what others think of her actions. But in reality, beneath the bold façade lies a frightened, broken little girl who is suffocating under the weight of her secrets. Out of control, Cassie continues whirling down a treacherous path, searching for anything that will numb her pain. But no one will ever know. With her mask securely in place, she keeps that scared girl hidden, safe from the scrutiny of prying eyes. That is, until she meets Grady Bennett. The martial arts instructor doesn't just look at Cassie; he sees her. And with painstaking patience as their relationship grows, Grady works to help Cassie see herself. Her ferocity. Her strength. Her ability to love and to smile. He pushes her to acknowledge and embrace what she really is...a survivor. As Cassie faces her tortured past, her walls come down. With her vulnerabilities exposed, she loses sight of her new perspective and plummets once again into her void. Sometimes it takes hitting rock bottom to find the necessary strength to land safely. And sometimes, life has to be completely *Out of Focus* in order to finally see.

The Resurrection of Aubrey Miller L. B. Simmons 2014-05-08 Death. For some, it's simply one of life's certainties, nothing more. For others, it's merely a fleeting thought, one often overshadowed by the reckless delusion that they have been blessed with the gift of immortality. For Aubrey Miller, death is the definition of her very existence. Overcome with the guilt resulting from the loss of her beloved family, she alters her appearance from the once beautiful, blonde-haired, blue-eyed little girl to that of one shrouded in complete darkness, enveloping

herself in her own unbreakable fortress of solitude as a form of protection for others. As she enters her first year of college, her goal is simple: Earn a degree with the least amount of social interaction as possible. What she never anticipates is the formation of very unlikely relationships with two people who will change her life in ways she never believed possible: Quinn Matthews, the boisterous former pageant queen, and Kaeleb McMadden, a childhood friend from her past who never really let her go. Over the years, as their connections intertwine and grow, a seemingly indestructible bond is formed between the three... But when death painfully reemerges, Aubrey is lost once again, burying herself deeper than ever before inside the familiar fortification of her fears. Will the refuge of friendship, the solidarity of life-long bonds, and the power of unconditional love be enough to do the impossible? Will they be enough to finally bring about... The Resurrection of Aubrey Miller?

The Future of the Public's Health in the 21st Century Institute of Medicine 2003-02-01 The anthrax incidents following the 9/11 terrorist attacks put the spotlight on the nation's public health agencies, placing it under an unprecedented scrutiny that added new dimensions to the complex issues considered in this report. The Future of the Public's Health in the 21st Century reaffirms the vision of Healthy People 2010, and outlines a systems approach to assuring the nation's health in practice, research, and policy. This approach focuses on joining the unique resources and perspectives of diverse sectors and entities and challenges these groups to work in a concerted, strategic way to promote and protect the public's health. Focusing on diverse partnerships as the framework for public health, the book discusses: The need for a shift from an individual to a population-based approach in practice, research, policy, and community engagement. The status of the governmental public health infrastructure and what needs to be improved, including its interface with the health care delivery system. The roles nongovernment actors, such as academia, business, local communities and the media can play in creating a healthy nation. Providing an accessible analysis, this book will be important to public health policy-makers and practitioners, business and community leaders, health advocates, educators and journalists.

Roll of Thunder, Hear My Cry Mildred D. Taylor 1997 Young Cassie Logan endures humiliation and witnesses the racism of the KKK as they embark on a cross-burning rampage, before she fully understands the importance her family attributes to having land of their own.

Life of Pi Yann Martel 2009-03-19 Life of Pi is a masterful and utterly original novel that is at once the story of a young castaway who faces immeasurable hardships on the high seas, and a meditation on religion, faith, art and life that is as witty as it is profound. Using the threads of all of our best stories, Yann Martel has woven a glorious spiritual adventure that makes us question what it means to be alive, and to believe.

Sinfully Sexy Linda Francis Lee 2004 Tired of feeling like life is passing her by, Chloe Sinclair experiences a passionate encounter with a stranger she meets at a party, but her brief affair could have unexpected repercussions when she discovers that the stranger is actually cutthroat corporate raider Sterling Prescott, the man who is threatening to take over the TV station where she works. Original.

We Have Always Lived in the Castle Shirley Jackson 1987

Running on Empty L. B. Simmons 2013-01-10 I had the perfect life. Beautiful and loving husband. Three gorgeous little girls. Successful career. The only thing missing was the white picket fence. I really wanted that fence. Three years ago, I lost that life. I lost my husband. And I lost myself. But, eventually, I found my way through the darkness. I've made peace with my new life. I have my girls, and that's all that matters. They are my world. I have no illusions of ever falling in love again or getting whisked away on a white horse. But then he came back into my life. On a freakin' motorcycle. There's no way I'll let him turn my life completely upside down. Absolutely no way. The question is... How long can I keep pretending that I'm happy with my life being right-side up?

Others of Edenton Brandy L Rivers 2015-04-02 Fated Love Does knowing what's coming ever help? Christian

asks this question every day. He knows he's meant for Delilah, but he's tongue tied. Delilah knows what she wants, but Christian's too shy to make the first move. One bad date after another, and she finally decides to make a move. Until she sees an old friend whispering in his ear, and her hope comes crashing down. Will fate push them together? Falling into Place Sometimes it all has to fall apart to fall into place. Liz never had it easy. She is a mage unlike any other. She finally had everything until someone shattered it all. The man she always trusted swept in to put her back together. When an old nightmare comes back for her, her first love will come back to stand at her side. Together Tremaine and Robert will help Liz find her place. Breaking Free They say dreams can come true. As a Dreamwalker Devlin has yet to believe it. Until he finds his little werewolf in a dream. Jamie is impossible to resist. With his past coming for him, he's left with a hard decision. Will he stay? Or run to save them all? Mending Scars Some scars run deep. Preston wants one woman, and is ready to fight to make her see. Dacia's been hurt too many times before and has a hard time believing. Her father, Remus, wants her help, but she refuses. As the truth comes out, can Preston convince Dacia of what he feels? Or will Remus tear apart what's slowly building between the two? Can scars finally mend? Labor of Love Memories not her own made Darla run. Fear of the unknown kept her hiding. Without her, Tomahawk is incomplete. Someone knows what each is missing, and moves to put them back together. Will love seal their fate?

Blood on the River Elisa Carbone 2007-09-20 Traveling to the New World in 1606 as the page to Captain John Smith, twelve-year-old orphan Samuel Collier settles in the new colony of James Town, where he must quickly learn to distinguish between friend and foe. Reprint.

The Glass Castle Jeannette Walls 2006-01-02 Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. -- From publisher description.

Breaking Dawn Stephenie Meyer 2008-08-02 In the explosive finale to the epic romantic saga, Bella has one final choice to make. Should she stay mortal and strengthen her connection to the werewolves, or leave it all behind to become a vampire? When you loved the one who was killing you, it left you no options. How could you run, how could you fight, when doing so would hurt that beloved one? If your life was all you had to give, how could you not give it? If it was someone you truly loved? To be irrevocably in love with a vampire is both fantasy and nightmare woven into a dangerously heightened reality for Bella Swan. Pulled in one direction by her intense passion for Edward Cullen, and in another by her profound connection to werewolf Jacob Black, a tumultuous year of temptation, loss, and strife have led her to the ultimate turning point. Her imminent choice to either join the dark but seductive world of immortals or to pursue a fully human life has become the thread from which the fates of two tribes hangs. This astonishing, breathlessly anticipated conclusion to the Twilight Saga illuminates the secrets and mysteries of this spellbinding romantic epic. It's here! #1 bestselling author Stephenie Meyer makes a triumphant return to the world of Twilight with the highly anticipated companion, Midnight Sun: the iconic love story of Bella and Edward told from the vampire's point of view. "People do not want to just read Meyer's books; they want to climb inside them and live there." -- Time "A literary phenomenon." -- The New York Times *Nineteen Eighty-Four* George Orwell 2021-01-09 "Nineteen Eighty-Four: A Novel", often published as "1984", is a dystopian social science fiction novel by English novelist George Orwell. It was published on 8 June 1949 by

Secker & Warburg as Orwell's ninth and final book completed in his lifetime. Thematically, "Nineteen Eighty-Four" centres on the consequences of totalitarianism, mass surveillance, and repressive regimentation of persons and behaviours within society. Orwell, himself a democratic socialist, modelled the authoritarian government in the novel after Stalinist Russia. More broadly, the novel examines the role of truth and facts within politics and the ways in which they are manipulated. The story takes place in an imagined future, the year 1984, when much of the world has fallen victim to perpetual war, omnipresent government surveillance, historical negationism, and propaganda. Great Britain, known as Airstrip One, has become a province of a totalitarian superstate named Oceania that is ruled by the Party who employ the Thought Police to persecute individuality and independent thinking. Big Brother, the leader of the Party, enjoys an intense cult of personality despite the fact that he may not even exist. The protagonist, Winston Smith, is a diligent and skillful rank-and-file worker and Outer Party member who secretly hates the Party and dreams of rebellion. He enters into a forbidden relationship with a colleague, Julia, and starts to remember what life was like before the Party came to power.

Into the Light L. B. Simmons 2017-04-25 When Aubrey Miller begins her education at Titan University, she is no longer the beautiful, blonde-haired, blue-eyed girl of her youth. In fact, she's no longer even Aubrey Miller. Now with jet-black hair, multiple sets of eccentric contact lenses, and several facial piercings, she's veiled herself in complete darkness as a form of protection for herself, as well as others. As she enters her first year of college, her goal is simple: earn a degree with the least amount of social interaction as possible. What she never anticipates is the formation of very unlikely relationships with two people who will change her life in ways she never believed possible: Quinn Matthews, the overtly cheerful pageant queen, and Kaeleb McMadden, a childhood friend who never really let her go. Over the years, as their connections intertwine and strengthen, a seemingly indestructible bond is formed between the three. And eventually, the ties of friendship and discovery of first love begin to coax her from her darkened path as they slowly bring Aubrey back to life. Spanning the course of four years, this is the story of a young woman's plight to finally reemerge, finding strength within unbreakable bonds as she delivers herself from her own manufactured darkness and safely back . . . Into the Light.
