Narratives Unfolding Martha Langford  
2017-07-18 Somewhere between global and local, the nation still lingers as a concept. National art histories continue to be written – some for the first time – while innovative methods and practices redraw the boundaries of these imagined communities. *Narratives Unfolding* considers the mobility of ideas, transnationalism, and entangled histories in essays that define new ways to see national art in ever-changing nations. Examining works that were designed to reclaim or rethink issues of territory and dispossession, home and exile, contributors to this volume demonstrate that the writing of national art histories is a vital

project for intergenerational exchange of knowledge and its visual formations. Essays showcase revealing moments of modern and contemporary art history in Canada, Egypt, Iceland, India, Ireland, Israel/Palestine, Romania, Scotland, Turkey, and the United Arab Emirates, paying particular attention to the agency of institutions such as archives, art galleries, milestone exhibitions, and artist retreats. Old and emergent art cities, including Cairo, Dubai, New York, and Vancouver, are also examined in light of avant-gardism, cosmopolitanism, and migration. Narratives Unfolding is both a survey of current art historical approaches and their connection to the source: art-making and art experience happening somewhere.

**Stand Firm** Paul Gould 2018-11 In an age of skepticism and disenchantment, people long for something that satisfies our mind's search for truth and our heart's desire for beauty and meaning. Stand Firm: Apologetics and the Brilliance of the Gospel argues that the gospel satisfies both of these needs. It is true and rational, but it is also inherently attractive and provides meaning and purpose. In short, the gospel is brilliant. It is brilliant, in one sense, because of the broad variety of evidences for its truth. But it is also brilliant given its beauty, goodness and the meaningful life it offers. The book provides up to date responses to questions about the existence of God,

the reliability of the Bible, Jesus and the resurrection, and the problem of evil. It also treats unique topics such as understanding truth, knowledge and faith, the claims of alternate faiths, religious disagreement, etc. Each chapter attempts to connect these considerations with the gospel so that we may stand firm in our faith.

*Project Based Teaching* Suzie Boss 2018-09-20 It's no secret that in today's complex world, students face unparalleled demands as they prepare for college, careers, and active citizenship. However, those demands won't be met without a fundamental shift from traditional, teacher-centered instruction toward innovative, student-centered teaching and learning. For schools ready to make such a shift, project-based learning (PBL) offers a proven framework to help students be better equipped to tackle future challenges. Project Based Teachers encourage active questioning, curiosity, and

peer learning; create learning environments in which every student has a voice; and have a mastery of content but are also comfortable responding to students' questions by saying, "I don't know. Let's find out together." In this book, Suzie Boss and John Larmer build on the framework for Gold Standard PBL originally presented in Setting the Standard for Project Based Learning and explore the seven practices integral to Project Based Teaching: Build the Culture Design and Plan Align to Standards Manage Activities

Assess Student Learning Scaffold Student Learning Engage and Coach For each practice, the authors present a wide range of practical strategies and include teachers' reflections about and suggestions from their classroom experiences. This book and a related series of free videos provide a detailed look at what's happening in PBL classrooms from the perspective of the Project Based Teacher. Let's find out together.
